

Basil's Rhyme Time

ON TOP OF OLD SMOKEY

On top of old Smokey, a mountain I **like**,
I get to the top peak by riding my **bike**.

One day I discovered some animals **there**;
The first one I met was a big fuzzy **bear**.

He was so friendly, for a bear on the **loose**.
Who would have thought that he'd share all his **juice**?

Along came a squirrel, who played the **guitar**,
And there was a warthog, who drove a blue **car**.

We then all had pizza, served on pretty **plates**;
The bear juggled three balls while on **rollerskates**.

On top of old Smokey, it's such a great **time**.
Next time I'll take you, and it won't cost a **dime**.
